Note on the Return for Warwickshire.

Since the list for this County was printed off and the type distributed, it has been discovered that, in the Return for the Parish of Birmingham, Leaseholders have, in some instances, been included as Owners, in consequence of the names of the ground landlords not being entered in the Rate Books, and the Parish Officers not being able to identify the property belonging to them, either for the purpose of ascertaining its acreage or its gross estimated rental.

The following persons consequently do not appear in the Return, although, as ground landlords, they possess large properties in the Parish; viz.—

The Trustees of Lench's Charity; Sir E. Gooch; Trustees of Colemore Estate; Trustees of Ebenezer and Cornelius Robins; and General Vyse.

It should be further stated that although the following names are inserted in the List, a considerable portion of the property which, as ground landlords, they hold in the Parish of Birmingham is not included in the Return:—

The Trustees of King Edward's School (entered as Grammar School, Governors of), the Rev. George Inge, Earl Howe, and Sir Josiah Mason.
